The New Route to St. Joseph, Mo.

The New Route to St. Joseph, Mo.

The through line from Chicago to St. Joseph, Missouri, over the Chicago, Rock Island & Pacific Railway, will be open to public use on and after May 2d, 1886. The extension west from Altamont (from which point the main line diverges to St. Joseph) has been constructed with the utimost care, and in all respects compares favorably with any of the older portions of the Rock Island system. Through express trainarun as follows: Leave Chicago 12.10 p.m. and 11.00 p.m. arrive in St. Joseph 8.15 a.m. and 7.55 p.m. respectively. Returning, leave St. Joseph 7.35 p.m. and 12.35 p.m. arriving in Chicago at 2.35 p.m. and 6.25 a.m. The passenger equipment of these trains, consisting of day coaches. Pullman palace, parlor and sleeping cars, reclining chair cars and dining cars, is and will be characterized by the same comfort, luxury and splendor which have made the Kansas City route of the Rock Island so universally popular. The new line opens up a new and independent avenue of transportation to and from one of the most flourishing, go-ahead cities of the west—a city of 50,000 in-habitants, con.manding an immense trade that covers a vast area included in the States and Territorities contiguous and tributary to it. Success to the through line to St. Joseph, and may the Chicago, Rock Island & Pacific management harvest that full measure of reward which their superior energy and enterprise have so fairly earned.
